

# LUXE LOUNGE

**O**n June 17, Skycharter proudly unveiled its newly renovated boutique FBO lounge located at Toronto Pearson's North Field. The lounge, which was under construction for just about five months, is the most private FBO on the field and offers both crew and passengers modern yet comfortable surroundings.

Crew will enjoy the second-floor, loft-style lounge that offers a fantastic view of the runway, while passengers enjoy our comfortable main floor lounge with direct ramp access.

Skycharter also renovated the adjoining hangar (8A) to include new metal-clad sliding doors and repainted interior.

Sadly, the founder and president of Skycharter for more than 40 years, Mr. Irving O. Shoichet, passed away before the renovation was completed.

His son and new President, Richard Shoichet, is proud to continue his legacy by offering business travellers the highest levels of service.

Skycharter Limited provides FBO, Charter, Maintenance and Aircraft Management Services. For more information, please visit [www.Skycharter.ca](http://www.Skycharter.ca).
